

Timbuk2 Backpacks or Messenger 1" Female Clip Replacement

How to replace a broken 1" female clip on a Timbuk2 Messenger Bag or backpack.

Written By: Emilee

TOOLS:

- [Flush Wire Cutters](#) (1)
- [Utility Scissors](#) (1)

PARTS:

- [1" female clip](#) (1)

Step 1 — 1" Female Clip

- Does your clip look like this? Battered and torn and don't know what to do? Well, follow these simple steps and you'll have a new, brand-spanking (operating) bag in no time!
- Here are the tools you'll need:
 - New female 1" buckle
 - Heavy duty scissors OR
 - Wire cutters

Step 2

- Using heavy duty scissors (or wire cutters), cut buckle off and remove buckle from fabric loop.

Step 3

- Squeezing the fabric tight, slip on the replacement clip.

Step 4

- Awesome! You're all set!
